Information on our Deposit, Reservation System, and Puppy Selection Process:

#1 – Cost of Our Puppies

Currently, our puppies are priced at $1500 (limited registration, meaning no breeding rights), plus tax (currently 6%). The cost with breeding rights is stated on our reservation form which is at the end of this document. Price is subject to change without notice. Price will not change for families who have returned a completed reservation form and paid the deposit.

Please read the sections Our Deposit & Reservation System, Our puppy price includes, and Our puppy price does not include below since there are additional expenses for animal transportation as well as certain expenses due to airline regulations and state laws for animals that will be traveling by airline and those leaving Wyoming by ground travel. If you have any questions after reading through our Puppy Policies & Information, please contact us.

Our deposits are 100% refundable, up until the puppy is 6 weeks of age. After the puppies are 6 weeks of age, we reserve the right to retain up to 100% of the initial $500 deposit.

The balance owed is expected within 1 week from the date a puppy is selected.

When a person places a deposit with us, they are reserving a spot to select a pup from a litter as well as guaranteeing that their price will not change if we increase our price.

#2 – Our Deposit & Reservation System

Our deposits are 100% refundable, up until the puppy is 6 weeks of age. After the puppies are 6 weeks of age, we reserve the right to retain up to 100% of the initial $500 deposit.

We require a deposit to help confirm a family’s commitment and to help insure our reservation is as up-to-date as possible. Otherwise, we have some families on our list that select a puppy elsewhere and never let us know.

The balance owed is expected within 1 week from the date a puppy is selected.

A Reservation Requires:

a. Reading our Puppy Policies & Important Info before completing our Reservation Form since there is a spot to initial indicating it has been read.

b. A completed reservation form to be emailed or mailed to us. Our Reservation Form is available on our Puppy Policies & Important Info page as well as our Pembroke Welsh Corgi page.

c. The deposit to be paid. Our Puppy Policies & Information page also explains the guidelines of our deposit being refundable.

Continued on next page.
1. If the reservation is sent by email, we will place the family’s name on our reservation list and allow 5-7 days for the deposit to arrive.
2. If desired the deposit can be paid by debit or credit card. We can send an invoice to pay the deposit this way. We use SquareUp.com. There is an additional fee to cover the cost SquareUp.com charges us.

#3 - Our Puppy Selection Process

Puppy selection happens in the order reservation forms and deposits are received.

We do not allow people to choose a puppy until the puppies are between five to six weeks old.

We will provide photo updates and relevant comments about each puppy as they grow and develop. This allows those on the waiting list to observe the litter from birth.

We observe the puppies, interact with them, and begin working with them so we can establish just what their personalities and temperament are. We also introduce them to a leash, a crate, and traveling in a vehicle.

Between five and six weeks of age, we will provide still photos along with information on individual personality and temperament, as well as able to provide advice from our observations in order for each buyer to make an informed selection.

Videos will be provided whenever possible and may be requested with the understanding that we are not professionals, thus video quality will not be professional and length is limited due to size constraints for sending via email or social media. If a video is requested, 72 hours will need to be allowed for us to provide for such a request as our priority is caring for the puppies and their mother.

We understand that making the selection of a puppy is important to each person on the list and how eager people are to do so. Making a puppy selection is exciting as it makes the ‘big day’ of bringing the puppy home just that much more real as it personalizes a puppy as yours and you theirs. We encourage people on the list to keep track of updates via our website and our Facebook page as well. We also encourage each person on the list to feel free to ask questions about the puppies at any time. Once we contact a person they will have 24 hours to make their selection in order to allow everyone on the list to make their selection in a timely manner.

Visiting the puppies is welcomed and we will be glad to schedule times to visit. For the health of the puppies, visits will not typically be scheduled before the puppies are about 4 weeks of age.

When can the new owner expect to pick up or take delivery of their puppy?

For the health of each puppy and to insure it will have minimal separation anxiety as they settle into a new home, and knowing how valuable the first weeks are for puppies to begin life with good social skills as well as a sense of confidence and security it is important that they remain with their dam and their litter mates for up to 8 to 10 weeks. We will work with the buyer on a date between 8 to 10 weeks of age for their puppy to go home. We will not allow any puppy to leave before it is 8 weeks of age.

Beginning between 8 to 10 weeks puppies need one-on-one attention and training. If a puppy is purchased and it cannot be picked up by the time it reaches 10 weeks of age there are additional charges due to feeding, worming, vaccinating, and essential training that is required.

Our puppy price includes:

Routine veterinary examination after birth, which will also include:

• Dewclaws removed

Continued on next page.
• Tail docked
• Microchipping. We use AKC Reunite. Owner has to activate the chip registration and pay the activation fee which is currently under $20 and is for the lifetime of the pet.
• Routine worming. Weeks 2 and 4 with Pyrantel Pomoate a single dosage each time. Weeks 6 and 8 with Safeguard for 3 consecutive days. Based on our veterinarian’s advice, Giardia is not a problem where we live, but we treat puppies for 5 consecutive days with Safeguard before they leave our farm as an added measure to insure puppies are free of Giardia.
• First vaccinations: We use a modified live virus vaccine wherever possible. We are firm believers in trying to prevent over vaccination and hope that in time titer testing will be more widely recognized and used. Until such a time, we vaccinate based on what our veterinarian recommends. Distemper, parvovirus, parainfluenza, and coronavirus are of concern where we live. We vaccinate all our dogs to prevent these diseases and have an appropriate vaccination protocol in place for our puppies.
• A final veterinary examination before each puppy leaves to go to its new home with appropriate documentation.
• A starter packet to help transition the puppy to its new home and provide important and relevant information.

Our puppy price does not include:

Airline transportation or any delivery fees required by the buyer’s state, county, city of residence such as but no limited to:

• State of Wyoming Certificate of Veterinary Inspection, which is required for airline travel and/or leaving the State of Wyoming.
• Vaccinations or medications (example: heartworm medication) if required to be administered by us for where the buyer resides over and above those stated above in what our price includes.
• Tests required over and above those for Johnson County Wyoming and the State of Wyoming for the animal’s destination.

Our Puppy Starter Packet includes:

A minimum of 1 ½ quart (6 cups) of the food we feed, with instructions covering feeding amounts and instructions for transitioning to a different type of food.

Our NannyKid Farm Pet Record for the puppy. This will have all the pertinent health information for the puppy as well as information on its microchip, important nutritional information for selecting quality dog food for a long, healthy life, vaccination information, information on exercise, socialization, & training, as well as other important & helpful information.

A final exam from our veterinarian & and any other documentations our veterinarian provides on the puppy.

Registration paperwork.

Microchip registration paperwork.

A towel, rug, or small blanket with mommy’s and siblings’ scents to help them transition into their new home.

A favorite toy.

Continued on next page.
A collar, which most likely the puppy will be wearing.

A leash.

We stand behind our puppies and will assist in any way we can with a smooth transition from our home to each puppy’s forever home.

We strongly recommend a collar to be used only for the identification tags and not routinely used with a leash. We highly recommend that when a leash is required a harness is put on and the leash snapped onto the harness. We will gladly make our recommendation for a Corgi friendly harness.

**Pick Up or Delivery of a Puppy**

From our own experience, we prefer each puppy be picked up by their new family, but we realize this is not always possible.

Our policy is that anyone living within Wyoming and the surrounding states should come pick up their puppy. Sometimes, other arrangements can be made with us, but there will be additional delivery fees if we agree to transport a puppy. Those fees vary based on the situation, the mode of transportation, the time of year, etc.

When air travel is necessary, it is far less traumatic for a puppy to not make the trip alone.

Imagine a puppy that has only known a relatively small world for its short life. Then, one day it is taken in a vehicle, put in crate on a plane to travel isolated and alone to a strange, new location. In a matter of a few short hours it has left the only home it has ever known, and has been thrust into a world of strangers, strange places, strange smells, strange noises and expected to face all this on its own.

The cost to deliver a dog this way is not much different than for someone to fly with the puppy and is far less traumatic for it. By traveling with the puppy, it can feel much more secure. We recommend someone be present with the puppy at all times while traveling by plane as well as having it accompany someone in the passenger cabin instead of being placed in the heated, pressurized compartment for animals. All the strangers and strange places are far less overwhelming when someone the puppy has known and trusted is by its side. Being personally handed over by that person as it travels to its new family also gives the puppy confidence and the sense of trust. Traveling this way with the puppy, the trip can be a much more positive experience, an adventure.

In the event a puppy has to travel by airplane alone, we want people to understand how traumatic this can be and affect the puppy’s transition to its new family. Examples of some possible problems as a result are; heightened fearfulness and insecurity around new things and new people, increased chance of separation anxiety when left alone, and car rides being stressful.

Payments made for airline transportation are non-refundable in the event a buyer becomes is unable to take the puppy.

*Anyone wanting to see if delivery within Wyoming or the surrounding states must fill out the following request form which begins on the next page. Anyone requesting airline transportation or delivery of a puppy outside of our Puppy Policy guidelines must fill out the following request form which follows on the next page. Please fill out the appropriate sections for requesting delivery. Otherwise, please skip to our Reservation Form.*
REQUEST FORM FOR AIRLINE TRANSPORTATION OR GROUND TRANSPORTATION BY NANNYKID FARM

NANNYKID FARM PUPPY DELIVERY INQUIRY QUESTIONNAIRE

This questionnaire is for NannyKid Farm, 55 Mayoworth Rd, Kaycee, Wyoming to determine possible options for your request to have a puppy delivered and to provide you with an estimate for such a service.

Please Note: Our policy is that anyone living within the state of Wyoming or any of the states surrounding Wyoming should travel to Kaycee, Wyoming to pick up their puppy. There are few exceptions made to this policy at the discretion of NannyKid Farm.

To aid us in determining an estimate for delivering a puppy to you, if you decide to purchase one of our puppies, we need the following information.

Name(s): ______________________________________________________________________

(Optional at this time for just a delivery estimate.)

How should we return the estimate for Puppy Delivery Services? Please check one (1):

____ Email Address: ____________________________________________________________

____ Facebook Account: _______________________________________________________

(Your Facebook account name is required.)

Where do you live?

City/Town: _______________________

State: _______________________

I have read NannyKid Farm’s Puppy Policies & Information, including the Puppy Application.

____ Yes

____ No

If you live outside of Wyoming, Colorado, Utah, Idaho, Montana, South Dakota, or Nebraska please skip to Section Two (2).

SECTION ONE (1) – For those who live in Wyoming or any surrounding states, please answer the following questions. Please remember that Winter road conditions are a major factor we also have to consider.

1. I understand that NannyKid Farm reserves the right to charge a fee for delivery of a puppy.

____ Yes

____ No
2. If you live within Wyoming or any states surrounding Wyoming, what prohibits you from being able to come pick up a puppy if you choose to purchase a puppy from us? Please explain. (i.e. health, financial, work related issues or other extenuating circumstances)

_______________________________________________________________________________________________

_______________________________________________________________________________________________

_______________________________________________________________________________________________

_______________________________________________________________________________________________

3. Occasionally, we can arrange with someone else to transport a puppy for us. Would this be acceptable to you for someone besides NannyKid Farm to do so?
   _____ Yes
   _____ No

4. Do you want to keep the crate/carrier we use for vehicle transportation.
   _____ Yes
   _____ No

5. How far are you willing/able to drive to pick up a puppy? Please specify:
   Number of Miles _______________

   AND*
   
   City/Town, State ___________________________________________

* For our safety and yours, we would not meet in a remote location. The above mileage has to be to a City/Town you are able to meet at for delivery of a puppy.

SECTION TWO (2) – For those who live outside of Wyoming and the states surrounding Wyoming.

6. I have read NannyKid Farm’s Puppy Policies & Information and understand the concerns about a puppy flying unaccompanied on an airplane.
   _____ Yes
   _____ No

7. Can you fly to Casper, Wyoming to pick up a puppy? (Casper International Airport is the closest airport to Kaycee, Wyoming for commercial flights.)
   _____ Yes
   _____ No

- 6 -, Revised on January 19, 2021
8. I understand that any fees paid for transporting a puppy by an airline are non-refundable. (i.e. airfare, airline approved soft-sided carrier for carry-on, health certificate & additional required vaccinations, etc.)
   _____ Yes
   _____ No

9. Do you want to keep the airline approved soft-sided carrier?
   _____ Yes
   _____ No

10. Are you willing to pay airfare (including meals and motel fees) for someone from NannyKid Farm to deliver a puppy?
    _____ Yes
    _____ No

11. If you answered ‘Yes’ to question #10, please provide the following information:
    a. What is the closest airport to you? _____________________________________
    b. Can you meet us at the airport?
       _____ Yes
       _____ No

12. I understand that airfare and lodging are subject to change and that the estimate NannyKid Farm provides may have to be modified to reflect this if I decide to purchase a puppy and have NannyKid Farm deliver my puppy to me by air travel?
    _____ Yes
    _____ No

If you have any questions, please ask them in the lines provided below. We will respond to your questions via the email or Facebook account you have selected above.

**Puppy Reservation Agreement Information**

Please note all puppies are sold at the discretion of the breeder. If at any point it is determined that a puppy is not a good fit for its prospective owner, any payment(s) received will be refunded in full. It is our goal for all our puppies to find their way into the best possible home environment.

☐ Corgi male or female puppy to be neutered / spayed $1500.00 + tax (currently 6%)

$500.00 minimum refundable* deposit to be put on the list for a puppy.

Limited AKC registration paperwork will be provided. Full payment must be received within 1 week of selecting a puppy.

☐ Corgi male or female puppy to be used of breeding** $2500.00 + tax (6% - $150.00)

$1250.00 minimum refundable* deposit to be put on the list for a puppy.

Full AKC registration paperwork will be provided. Full payment must be received within 1 week of selecting a puppy.

**Please contact us for preapproval for purchasing a puppy with breeding rights.

*Refund policy: We understand that circumstances can change and will provide a 100% refund of the deposit and any other payments (other than any payment[s] related to arrangements for transportation or delivery) until the puppy is 6 weeks of age.

I understand…. (Please read and initial)

_____ The terms for the deposit to be refunded.

_____ That returning a completed reservation form and paying the deposit guarantees the price will not change in the event NannyKid Farm Corgis increases the price for their puppies.

_____ All dams and studs have been tested and cleared for Degenerative Myelopathy (DM), von Willebrand’s Disease (vWD1), and Exercise Induced Collapse (EIC). A copy of results are available upon request.

_____ All puppies will receive worming and any vaccinations appropriate for their age. Documentation will be provided.

- 13- Revised on January 19, 2021
Reservation Application: Page 3 of 4

___ All puppies will have dew claws removed and tails docked at 3-5 days of age.

___ All puppies will come with a 1 week supply of the dog food with feeding instructions; a towel, rug, or small blanket with their mommy’s and siblings’ scent to help them transition to their new home; a favorite toy; a collar and a leash. We recommend the use of a harness when using a leash. We will be happy to provide our recommendation of a harness.

___ Arrangements for out of state delivery may be an option, but must be discussed and mutually agreed upon well in advance. If air travel is required, puppy must be accompanied by breeder or owner on the plane with extremely few exceptions to avoid unnecessary stress for the puppy.

May we contact your veterinarian, references, and if you rent, may we contact your landlord?

___ Yes  ___ No

*Please contact us if you would like to come visit NannyKid Farm and meet our corgis.*

We encourage families considering a puppy from us to schedule a time to visit us. We enjoy meeting potential families and we are more than happy to schedule a time for you to meet and interact with our corgis.
